RESOLUTIONS PRINEETED.

Mr. White, on behalf of the committee, submitted the following:

"At a joint meeting of the Veteran Howitzer Association and the Richmend Howitzer Company, the following preamble and resolutions were unanimously adopted:

"Whereas, After the most eventful trip of our lives to the great Crescent City of the South, as the guests of the Washington Artillery, fraught with the happiest recollections and unmarred by the slightest incident or accident, we are Home again, not as song has it, from a foreign shore, but from the hearts, homes and firesides of our late contrades in arms, whose historic names are so intelliby impressed upon the tablets of our memory and upon the roster of the Army of Northern Virginia as to have become household words in our homes, city and State, as well as in every town and handet in the South, and who by their genuine and liberal hospitality to us have canceled entirely every obligation in their claim, we held to the complete satisfaction of every Howitzer and veterant therefore led!

"Resolved, Never while memory holds a seat in this distracted globe can the Howitzers forget their reception and entertainment characterized as they were by a warmin and cortainty so refreshing in this degenerate age; and when their three great kings shall have justed away, and the gilded tinsel of their regal robes shall have fost its lustre, the laurels won be the Washington artillery in war and in peace will be fresh and ever green.

"Resolved further. That we do most sincerely trust and fervently pray, that he who ruleth over all, and in whose hands are the destines of all, will charge file Annel Legions watch and ward over these to keep, so that, encountering no tempest closed waves of sorrow in making their vorage of life, their frail barques may be bourne smoothly and pleasantly along the current of the rive cost in the sanched forth upon the great occan, of etermity it may be to find safe anchorage in a heavenly fort, where, sheltered

After the adoption of the resolutions, Mr. William I. White again took the floor and stated that he thought it would be proper for the members of the Association and Rattery to do something more than to send these resolutions to the Washington Artillery, and he suggested that a large group of the photographs of members of the two associations be made and sent in an elegant frame as a memon of the trip.

Colonel Smith expressed himself in favor of the suggestion, and added that he had already spoken to one of the photographers in this city, who had declared the advisability of getting as made a puture in first-class style. The expectages

Messrs. R. W. Powers, Theo. Davis, Howard, Milk, and Hughes, also spoke in favor of the scheme, and it was finally decided that the committee on resolutions should take the matter in charge and make the necessary arrangements. It was stated that no expense should be spared to make the picture a work of art of the very best quality.

On motion the committee was enlarged by the addition of Captain Hutcheson and Lieutenant Bosher, as representatives of the Battery.

It was further decided to have the resolutions engrossed on parchiment and property framed, and the committee was directed to send letters of thanks to those organizations who entertained the members of the Veteran Association and the Battery on their trip while stopping at Danville, Atlanta, Bermingham, and Aunston, Als.

The Annual Budget.

It is not probable that the annual budget of the City Council, making appropriations for the year to the various departments, will be finally noted upon until the May meetings of the two branches. To get up the budget requires a great amount of labor, as many heads of departments must be heard in reference to their needs. While making up the budget the committee will probably meet each evening.

Every ear was strained to hear what defense Mr. Grymes would make to the accusation.

Nothing of an explanatory nature was given, and Mr. Grymes, accompanied by Mr. John K. Childrey, the City Treasurer, at once left the room to see Mayor Elyson. The latter was found in his office, and greeted cordually the two men as they entered.

"I do not think you would greet me so cordially if you knew the object of our visit," said Mr. Grymes.

Grymes, "to.1 think I would," said the Mayor, and then Mr. Childrey stated the facts in the case.
"Did you receipt those bills?" asked Mr. Elly-

"Yes, sir; I did." replied Mr. Grymes.
"Was your eash over at night?"
Mr. Grymes said nothing. Mr. Childrey re-lied it was not; that, on the contrary, it was

"I have no receilection of making the entries. If ithin so, I did so when I was asked."

whole matter is in my hands, and I wish to give you the benefit of any explanation."

ENDER ARRIST.

No explanation was forthcoming. Mr. Grymes offered none. He said, however, something about wasning to go somewhere in the city, and then it was that Mayor Ellyson informed him he was under arrest. And then it was, says a person present, "that Mr. Grymes, for the first time, realized the gravity of the situation."

City Attorney Meredith was summoned, and a conference was held between him and Mayor Ellyson. After which, Mr. Grymes was talked to, but before any questioning was done Mr. Ellyson hold Mr. Grymes that whatever he said would be used against him in court. That he cirrimes had the privilege to talk, or say nothing. That he could send for his counsel or "riends, and anything that could be done would be done for him. Mr. Grymes, after thia, answered but if we questions.

Mayor Ellyson's next move was to telephone for Justice J. J. Crutchield, of the Folice Court, and warrants were issued against Mr. Grymes. There are four warrants, charging him with each particular embezzlement, and one warrant charging him with the sum of \$50, with Mr. John P. Branch security.

but he was inspector, in reference to the Thalkimer build.

During the day they examined the Treasurer's beek, and it was found that the bill had not been entered as paid.

In fact, there was no entry for Thalkimer for his February bills. Mr. Knowles then went to Thalkimer Brothers, and asked to be shown the gas bills for February.

Mr. Thalkimer produced his bills, receipted and dated February with by E. B. Grymes. Mr. Knowles then went back to Mr. Shelton, and they examined carefully the Treasurer's book from the day the bills were issued up to March 24. No entry of the bills having been paid could be found.

On the 2th of February Mr. Grymes went into

On the 25th of February Mr. Grymes went into the Anditor's office with the Tensurer's book in his hand. This book is the one in which he had that day entered the gas bills paid by crizens. Mr. Greenhow has a book similar to Mr. Grymes, and when the latter entered the Anditor's office Mr. Williams was checking Mr. Greenhows book. Mr. Grymes asked Mr. Williams to let him take his place in checking while he Williams achied his (Grymes) book.

Mr. Williams naturally consented to do this, and Grymes checking Mr. Shelton's book.

The Treasurer's books were then examined, at night, of course, and they found that all bills that had been checked by Mr. Grymes had been entered paid, except the following.

No. 122, Walkin's Hardware Company, 1,317 cast Mam, \$21. No. 1,144 J. L. Levy, 121 north Setth, \$12.20 No. 1,223 E. Applications were at once made to the above persons for their receipts, and all were produced, except in the case of Mr. Levy, He promised to produce them to-lay.

Those facts were learned Thesday hight, and on yesterlay morning Mesors. Knowles and Shelton mode them known to Mr. Purpin, the Abdutor, and Mr. Childroy, the Treasurer. Then followed the receipts, and all were provided in taken from the shoulders of the officials by all right thinging men. None deplore the matter more than those intimately connected with it, but as public servants they were forced to pursue this course.

The faise entry had been made on Mr. Shelton's book. He was forced dither to let the figures remain unnoticed, or send to the gas inspector would have then casely found that the bills had been paid. If the bills had not bee

Such and again the inspector would have found the recoupled bills.

Mr. Childrey, as a public man, was forced by circumstances to present the matter to Mayor Ellyson. The former was tertibly wrought up yesterday about the affair, and was continually expressing regret that he should have been forced to confront Mr. Grymes with such facts. Mayor Ellyson, like Mrs.Childrey, was sincerely sorry that he had to put Mr. Grymes mader arrest, and several times during the time the latter was in his office asked for some explanation or theory as to the checks in the Auditor's books and the receipted bills.

Just in the same was every official in the City Hall yesterday expressed unfeigned sorrow at Mr. Grymes predicatent. The usual remark was this: "If the charges are true, and I hope to be even they are not, what made Buford Grymes do such a thing is passed my understanding. I haven t got much, but if I had known that he was in need of mency I would have willingly helped him out of the difficulty.

FORTY THOUSAND ACRES.

COMMISSIONERS' SALE OF A LARGE TRACT OF LAND.

Mr. Edwin Kelton, of Columbus, Ohio, Makes the Purchase for a Western Syndicate at Ten Dollars Per Acre-To Make Improve-

The commissioners appointed some years ago by the Chancery Court of this city in the case of Grant's administratrix against Maury and others, to sell a large body of land containing more than 40,000 acres, lying in the counties more than 40,000 acres, lying in the counties of Nicholas and Clay. W. Va., conveyed by R. H. Maury and others in trust to secure their creditors, succeeded in making a contract for the sale of said tract with Mr. Edwin Kelton, of Columbus, O., as trustee for a number of persons interested with him at the price of \$10 per acre. One-fourth of the purchase money to be paid in cash and the residue to be secured by notes in equal instalments at six, twelve, eighteen, and twenty-four months, all bearing interest from the lift day of Angust, 1800, which was the date of the contract.

Six months was given to enable the parties to survey the land and make all necessary inquiries in respect to the title.

NOT ALL SURVEYED.

NOT ALL SUBVEYED.

Owing to the very inclement weather and the deep snow in that part of West Virginia. The survey could not be entirely completed, but the parties met in this city a few days ago, when Mr. Kelton made known to the commissioners that he was satisfied as to the title of \$4.888 acres of the land, and that he was willing to pay one-quarter of the purchase money in each and give his notes for the residue, and that he would take a deed from the commissioners with special warranty for the whole tract, and settle for the balance of the tract in excess of the said 24.288 acres, or so much thereof as the commissioners could make good title to within twelve months, and if any question arose as to the validity of the title to any of said residue, and the parties could not agree among themselves it should be submitted to the decision of the court in which the cause is now panding; that is the Grenut Court of Henrice county, to which it was removed a few months ago.

It was removed a few months ago.

If, however, is should turn out that the court should hold that good title could not be made to any part of said residue, then such part is to be reconveyed by Mr. Kelton to such person or persons as the court may direct.

It is proper to state that a vendor's lien upon the whole of the land is reserved.

Mr. Kelton has made the cash payment, and has also paid the first instalment of the purchase-money for the 42.5% seres amounting altogether to a little over \$108.000, which is now in bank, subject to the order of the court, and he has executed the notes for the deferred instalments.

WILL FURCHASE ALL.

WILL PURCHASE ALL.

It is understood that the commissioners fee very sanguino that Mr. Kelton will at the cap ration of the swelve months sattle for the residue of the 40,000 acros. It is proper to state that it still require a large sum of money to me debts incurred to preserve the trust funds. Then it a large amount of valuable property beside the 40,000 acros above mentioned conveyed in the Manry deed, consisting in part of large interests held by the late k. if. Manry in two contrainers which own inwards of 6,000 acros o coal lands in the Kanawha valley, part of which is immediately on the line of the Chesapeas and Ohio railroad and the Kanawha river. Con made, but the parties undertaking to purchas have not yet compiled with the terms of the sais.

There are still other lands in Patrick county. Va. which have not been disposed of, and indeed other lands in West Virginia not included in the 5050 acres.

The court yesterday approved and confirmed by its decree the action of the commissioners as above set forth.

The court was a still a commissioners as a bove set forth.

above set forth.

The commissioners are satisfied that it is the purpose of Mr. Kelton and his associates at one to develop the valuable property conveyed, and that the improvements which they will soon make will add greatly to its value, so that if any part of the 15,000 acres not yet settled for should have to be reconveyed under the direction of the court these lands so returned, will be greatly enhanced in value.

The commissioners in the case are the commissioners.
